Scott A. Ratchford

contact@scottratchford.com · scottratchford.com · linkedin.com/in/scott-ratchford · github.com/KyberCritter · Washington, DC, USA

EDUCATION

M.B.A. · The University of Alabama, Tuscaloosa, AL — *May 2025*

B.S. Computer Science · The University of Alabama, Tuscaloosa, AL — *May 2024*

Minors: Mathematics, History · Honors: Honors College, Cum Laude

TECHNICAL SKILLS

Languages	Python · C# · JavaScript · HTML/CSS · SQL
AI / ML	LLM integration · ML model inference · image classification · clustering · linear regression
Web & APIs	Django · Flask · Nginx · Gunicorn · REST APIs · ASP.NET
Desktop	PyQt / Qt · tkinter
Data	NumPy · Pandas · openpyxl · PostgreSQL · MySQL
DevOps	Docker · Docker Compose · GitHub Actions (CI/CD) · Git · Linux/Unix · DigitalOcean
Practices	Agile / Scrum · Unit & integration testing · Technical documentation

EXPERIENCE

AI Engineer | U.S. Department of the Treasury — *August 2026 – Present*

Washington, DC

- Modernizing existing software systems while minimizing impact to daily workflows
- Agile software development with AI-enhanced workflows

Software Developer | SmartLam North America — *May 2023 – August 2026*

Dothan, AL

- Developed PyQt desktop application to automate glulam manufacturing scheduling, saving over $20,000/month
- Database design and management in PostgreSQL and Zoho Creator
- Integrated Zoho Creator platform with ERP and manufacturing systems via REST APIs, automated inventory management
- Coordinated with external consultants to evaluate and implemented cloud software solutions aligned with operational needs
- Served as assistant information technology coordinator

PROJECTS

Pygskin – Football Analytics Platform | Personal Project — *2024*

- Built a cloud-hosted Django web application that uses ML model inference to predict college football play calls
- Engineered data pipelines with Pandas/NumPy; trained Scikit-Learn models on historical play-by-play datasets

Open-Source Contributions

- Contributed to widely used GitHub Actions, including wait-for-jobs
- Published object-filtering Python module on PyPi

ADDITIONAL

9+ years of 3D printing experience including CAD modeling in SolidWorks, 3D printer maintenance, and G-code/Cura scripting; former technical support specialist for The University of Alabama College of Engineering
